- Take the Freecom Mobile Drive Classic with you and share your files with friends
- Make a backup of all your important documents and files

Office use:

- Store all your spreadsheets, documents, presentations on one central location
- Take the drive home or on the road and work on your files away from the office
- Make an extra backup of your valuable work files
- Share data between computers and networks
- Use the Freecom Mobile Drive Classic for software installations on multiple PC's

Compact storage on the go!

Welcome to the latest era in external hard drive storage: USB 3.0 has arrived! Providing an unprecedented maximum transfer speed of 5000Mbit/s, up to 10x times faster than USB 2.0 (theoretical maximum transfer speeds). Ideal for storage and speed hungry files such as large uncompressed audio & video files.

Whether you are a professional or home user, these days it is essential to be able to carry your valuable data anywhere with you. Ultra compact, easy-to-use and secure, this USB 3.0 powered portable hard drive makes transporting and sharing data easier than ever.

Simply plug it into any computer's USB port and take your spreadsheets, documents, movies, photo's or music anywhere you go. The perfect travel companion!

Need to expand your notebook, PC or Mac with a high capacity drive? We have the solution! The Freecom Mobile Drive Classic 3.0 is available in capacities up to 1TB!

Don't want annoying noises while working? No problem, The Freecom Mobile Drive Classic 3.0 has no cooling fan, which ensures quiet operation at all times!

Need a hard drive but want to be trendy as well? The Freecom Mobile Drive Classic 3.0 has a stylish black design. It will look perfect next to your netbook or notebook!
